LOCAL STATE GUARD TO START DRILL NEXT MONDAY EVE

CITIZENS PROPOSE FORMING R. O. T. C. AT HIGH SCHOOL HERE

Although enlistments are coming in slowly for the new California State Guard rifle company being organized in Washington Township by a committee of the American Legion post here, the first night's drill will be held this coming Monday evening, promptly at 8 o'clock in the high school gymnasium at Centerville.

This decision followed a special, open Legion meeting held Tuesday evening in the Memorial Building at Niles with Walter Waynflete serving as chairman, assisted by Commander Ray Peterson. The 23 men and young men present voted unanimously to start drill and let new members sign up on future Monday nights at the gymnasium.

Seventy-five men and boys are needed, and 60 have to be in uniform before the company can be mustered in by an officer from the Adjutant General's office in Sacramento.

— To Invite Band

When the company really gets going it was suggested the Centerville band of 20 pieces, and the Sons Squadron drum corps be asked to drill with the new rifle company, to practice for appearances at public celebrations.

Committeeman Sam Scott of Newark was delegated to bring the matter before the next meeting of the Alvarado Chamber of Commerce and Waynflete took up the project at the meeting of the Decoto Boosters club Thursday night upon invitation of Fire Chief Roland Bendel.

Chairman Arthur Cotton invited a committee member to attend the next Booster's club meeting, which will be an open meeting, the third Tuesday of the month, which falls on September 16.

Drill wil be held and enlistments will be taken every Monday night at 8 o'clock during the fall and winter, at the high school gymnasium. Members of our communities who already belong to Units in Oakland and San Jose are invited to attend these early drill meetings and help the group get started. After the company is mustered in these men can apply for transfer to the local company, and will be gladly accepted.

— Doing Their Part

Many of the older men of our Township particularly members of fire departments, who are already signed up with civilian disaster groups now working under the sheriff and the district attorney, are barred from joining the Guard company. Many of them have offered, however, to assist in any way they can.

Deputy Agricultural Inspector Fred H. Duffie, who has held a second lieutenant's commission in the officers reserve since 1929, will assist with the company. He is already connected with civilian defense work.

Duffie and Bendel asked the chairman to communicate with the high school authorities at Centerville and propose that an R. O. T. C. cadet corps be established among the men students at the high school.

FALL MEETING

The first fall meeting of the Niles Junior Chamber of Commerce will be held this coming Monday evening at 6:30 o'clock at the City of Florence Restaurant, President Ed Enos announces. Enos will be on vacation, so Vice-President Henry Vervais will probably conduct the meeting. In October a national director will be a guest of the body.

DEFENSE PAGEANT PLANNED FOR S. F.

SAN FRANCISCO — A huge national defense pageant in San Francisco to show the people of Northern and Central California the progress of the Bay Area's defense effort has been tentatively scheduled for the weekend of October 4, 5 and 6 by the San Francisco Junior Chamber of Commerce. Proposed for the pageant is a gigantic parade of soldiers, sailors, marines, tanks, searchlights, sound detectors, trucks and other euqipment, veterans, labor unions and industrial floats.

Howdy Folks; A certain local girl says that when a conceited sailor comes ashore he immediately assumes he's the salt of the earth.

And when one of our friends asked the age limit on sailors, his girl friend came right back and said that sailors were the limit at any age.

✣ ✲ ✣

We heard about one man who took all his son's desire to join the navy out of him by taking him to the woodshed and whaling the tar out of him.

✣ ✲ ✣

Well, we may do a little kidding about the sailors, but we have always had a lot of respect for Uncle Sam's "gobs."

As a matter of fact, we feel a bit proud when we see one in uniform.

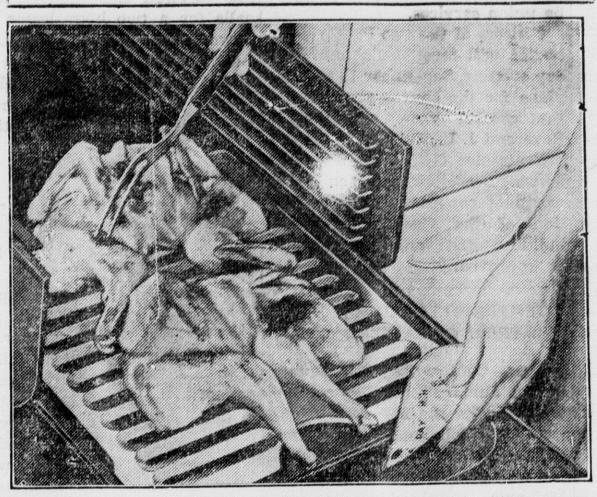
How to Broil Young Chickens



THE perfect way to broil chickens is by medium temperature under the open gas flame. In the new deep smokeless broiling compartment of the modern gas range illustrated, the large metal grid will accommodate from four to six halves of chicken at the same time. It's cool, too, for the compartment is insulated, and broiling is done with door closed. Broil chicken 20-25 minutes each side, or until tender.

CRANE GARAGE FINDS BUSINESS "PICKING UP" . .

Clarence Crane, proprietor of Crane's Garage at Niles had a busy holiday wekend picking up automobile casualties Sunday and Monday.

He was called out four times Sunday. The worst wreck occurred to Bill Mendoza of Niles who's car collided with another outside the Masonic Home Sunday afternoon. Mendoza was taken to Hayward in an ambulance but was soon released. The front end of his car was badly damaged. Mrs. Mendoza works in the City of Florence Restaurant.

Monday morning at 11 he was called to the Mission San Jose-Livermore intersection to untangle three cars, one of which had endeavored to cross the highway out-of-turn, damaging a north-bound Plymouth and cracking up Edward Roger's Ford, which was towed into Niles. Rogers lives in the Mission. Joe Adams, Centerville Ford dealer sent over for Roger's car on Tuesday.

Crane was called out again to Warm Springs Monday night. No one was seriously hurt in any of the crashes, he says.

Edith Meneze spent the holidays at Vallejo visiting friends.

WASHINGTON HIGH ANNOUNCES FALL OPENING PLANS

CENTERVILLE — The longest vacation in the history of Washington Union High school will come to an end when students return on Monday, September 15 for a full day's session to begin the fall term. Student counselors will hold office hours on Thursday afternoon, September 11, and Friday morning, September 12 to discuss program problems with the students. Students are urged to take advantage of this arrangement, so schedule difficulties may be ironed out before classes begin the following Monday.

Organization plans for the opening of school will be discussed at a series of meetings beginning next Wednesday at 1 o'clock when District Superintendent A. J. Rathbone will meet with J. V. Goold. vice principal and dean of boys, Miss Sheila Leachman, dean of girls, Miss Grace I. Knoles, director of curriculum, and Barton L. Webb, evening school principal.

The counselors will meet next Thursday, September 11 at 9 o'clock. They are as follows: Seniors, Mrs. Lorena Hawley; Juniors, Mr. J. V. Goold; Sophomores, Miss Knoles; Freshmen, Mr. Jack Rees.

The faculty will meet next Friday, September 12, at 1:30 p. m.

NEW 1942 PLYMOUTH

Clarence Crane, Niles Plymouth and DeSoto dealer received his first new 1942 Plymouth automobile early this week, and it is a beauty. It is a 4-door Special DeLuxe sedan and is on display at his showroom on East First Street in Niles. His advertisement appears elsewhere in this issue.

MONTH'S VACATION

Postmaster E. E. Enos is leaving Niles this Saturday to attend the national Postmasters convention in Boston from September 15 to 18. He is going East by train via Portland, Seattle and Milwaukee to Chicago. After the convention he plans to visit New York City and return via the old Southwest during his absence Clerk Fred Shepherd will serve as Acting Postmaster at Niles.

SONS, DAUGHTERS PLAN ADMISSION DAY CELEBRATION

OAKLAND—Returning to Oakland for the first time since 1936 the Native Sons and Native Daughters of the Golden West will bring their big annual Admission Day Celebration to that city on September 7, 8, and 9.

Featuring a three day program of athletic contests, drum corps and drill team competitions and social events, the climax of the fete will be the two hour parade the morning of September 9. According to Bernard J. Abrott, Parade Chairman, one hundred and seventy-five Parlors of the Native Sons and Native Daughters have already indicated they will march. San Francisco alone will enter seventy-two units in the parade.

Sunday afternoon, beginning at 1:00 o'clock, will be the state championship drill team, drum corps and drum and bugle corps competitions at the Oakland Civic Auditorium grounds. Ample facilities will be provided for spectators.

On Monday, September 8, a full day of social gatherings, including boat rides on Lake Merritt and tours to historic landmarks will be brought to an end with the Grand Ball at the Civic Auditorium. Music will be provided by George Collins and his orchestra.

The annual Almission Day Parade will begin at 10:30 a. m., and the line of march will be on Clay, Washington, Broadway and Franklin Streets, between 13th and 20th Streets. The City of Oakland will construct a grandstand at the gore of Broadway and Telegraph Streets, where dignitaries and judges will view the spectacle.

PHONE NILES 250

A telephone has been installed in the Garden Basket, Niles new grocery store at Jay and First streets. Their number is Niles 250 and the proprietor, J. Boliba, offers free delivery around town at 10:30 a. m. and 3:30 p. m. His advertisement appears on the back page of this issue.

Mr. and Mrs. Frank Tedder, Mr. and Mrs. Al Silva and family, Mr. and Mrs. Arthur Hempleman and son David, Clarence Soito, and Mildred Dias spent the holidays at Sycamore Park.

NATIVE SONS WIN 1941 SOFTBALL LEAGUE PLAYOFFS

The Native Sons softball club defeated Westvaco in two out of three games played in the finals last week to have the honor of winning the softball trophy that has been on display at the Bank of America in Centerville during the past few weeks.

The Native Sons, who developed a new pitcher this year, Tony Ornellas of Newark, and with their veteran ball club on the field won the league several weeks ago and also won the softball playoffs last week. This is the second time in three years that the Sons have been winners of the softball championship. It was practically the same Native Son club in 1939 that defeated the Newark Sportsmen Club in two out of three games played for the championship.

— Pitching Record

The new additions to the Native Sons for 1941 were Pitcher Ornellas, who has a pitching record of 26 wins and 2 losses for 1941, Rufus Lebon, the youngest brother of Ed Lebon who was the hero of the final game Friday evening by scoring the first two runs on a basehit, and Manuel Silva, a swell outfielder and long distance hitter.

Native Sons lost theiir only game by a one run margin to the Knights of Columbus by a score of 3 to 4. Their second loss of the season, which was the worst in 1941, was in Monday nights playoffs when Westvaco shutout the Sons 4 to 0.

The most surprising club in the league was the Knights of Columbs who were situated in eighth place after three weeks of play, and at the end of the league were situated in third place. Vernon Willard, manager of the K. of C. tried desperately to enter his team in the finals last weew, but lost hope

ELKS TO HOLD DUBLIN RODEO SEPTEMBER 14

DUBLIN — "Entry blanks signed by most championship contenders for Dublin rodeo." So says a wire received this week from Harry Rowell, producer, who has just completed a successful show at Tremonton, Utah, giving assurance of leading stars for the Alameda Elks' Dublin Rodeo to be held at the Rowell ranch arena on Sunday, September 14.

Rowell announced the arena events will include bareback bronc riding, professional bronc riding, bulldogging, calf roping and tying, wild cow milking and Brahma bull riding.

Committee members from the Alameda Lodge of Elks, working in cooperation with the Dublin group, are speeding arangements for the Pony Express Days celebration to be held in conjunction with the rodeo, Saturday, September 13, at Dublin.

The Alameda Elks' Joy Band has been in rehearsal to lend their comedy to the affair and plans have been made for a gay and free cowboy dance.

This tiny, old west community—once a main stop on the Pony Express route from the east — has gone completely western and will be ready to greet hundreds of "city slickers" on the coming weekend.

Proceeds of the show will be used to benefit the lodge relief fund.

ALAMEDA COUNTY GETS $126,478 FROM LICENSE FEES

James M. Carter, Director of the Department of Motor Vehicles, today annonuced the apportionment of $126,478 to Alameda County as its share of motor vehicle license fees for the quarter ending June 30th, last. The apportionment is based on a population of 513,011 as given by the last federal census.

The local apportionments are a part of a total of $1,702,926 available to all cities and counties and the general fund after the deduction of $89,766 for administration and $2,830 for contributions to the state retirement fund were made. Under the law the general fund receives20 percent, the counties 40 percent and the cities 40 percent.

Motor vehicle license fees are now collected by the state in lieu of the personal property taxes formerly assessed on motor vehicles by cities and counties.

Barney Bragg, Sally Andrade, Bally Pine, Weldon Pine, Julius Pine of Niles, and Mervin Boyce of Newark spent the holidays at Yosemite National Park.

MEMORIAL MASS

A special memorial high mass will be celebrated at 8:30 this Sunday morning at the Corpus Christi church in Niles with Father Hennessy officiating. The mass will commemorate the passing of Mrs. Jennie Pratali, wife of a Niles businessman, who died four months ago. The mass will also be dedicated to Mr. Pratali's late sister, who passed away in 1919. Her birthday would be on September 8, he says. Friends of the family are earnestly invited to share in the solemn occasion.

NEWARK CHURCH MEN TO PLAN YEAR'S WORK AT NILES

Officers of the Newark Presbyterian church will hold a planning conference this Sunday afternoon in the Niles Congregational church, Reverend J. L. Webster announces. The afternoon will be spent working out the details of the goal to be attained, and the various phases of the program for the church year.

Sunday Ceremony Unites Miss Willis, Mr. John Feleciano

The Congregational Church of Niles was the setting for a beautiful wedding ceremony in which Virginia Willis became the bride of John Feleciano of Mission San Jose, at 2:30 o'clock, on Sunday afternoon, August 31.

The bride wore a lovely dress of white chiffon and lace, and a fingertip length veil, carried a bouqet of white bouvardiaand gardenias with an orchid nestling in the center. She was escorted to the alter by her father, Alvin K. Willis.

The maid of honor was the bride's sister Gentvieve Willis, who wore a dress of pink taffeta and a pink veil with a blue delphinium and pink sweet pea braid and carried a matching French bouquet.

The four bridesmaids were dressed in pastel shades of Star Mist material.They also wore veils and matching braids and carried French bouquets of sweetpea and bouvardia.

The bridesmaids were Miss Agatha Willis of Oakland sister of the Bride, Mrs. Virginia Dutre of Mission San Jose, sister of the bridegroom, Miss Winifred Pereira of Niles, niece of the bride and Mrs. Stinson of Martinez.

The best man was Leland Steinmetz of Mission San Jose. Ushers were Wendel Snyder of Berkeley, Willim Oliveria of Niles, Norman Stinson of Martinez, and Edward Martin of San Jose.

Reverend Richard Day officiated at the Ceremony. The wedding music was furnished by Miss June Brown organist, and Mrs. Catharine Parry who sang Oh Promise Me and I Love You Truly.

The bride is a graduate of Niles Grammar school and attended Washington Union High School and Merritt Business College in Oakland. She is now employed at Kahn's Department store in Oakland. She is the daughter of Mr. and Mrs. Alvin K. Willis of Niles.

The groom is the son of Mr. and Mrs. Joseph Felecian of Mission San Jose, and is employed at the Pacific Coast Aggregates plant in Niles.

The couple are now making their home in Mission San Jose,

NATIVE SONS WIN 1941 SOFTBALL LEAGUE PLAYOFFS

(Contintinued from page one)

when the Native Sons trimmed them two straight games several weeks ago in the semi-finals.

— Westvaco Climbs Up

Another surprising club in the playoffs after a poor finish in the league was Westvaco from Newark. The Westvacos had been shoved down in the closing week of play from second to fourth place. In the semi-finals they upset Occidental twice to have the opportunity of playing in the finals. Manager Joseph Milani should be given a lot of credit in training his men, especially pitcher "Lefty" Miller and Walker for their swell playing in the playoffs.

Occidental, which was rated as the best hitting club in the league, proved to be a failure in hitting the apple in the playoffs. It seems that Leland Telles. Occidental ace pitcher, could not hurl steady ball in the playoffs.

Some of the improvements accomplished this year at the grounds follow: An official announcer was established, Calvin Oliveria, who announced the games through the courtesy of various merchants throughout Washington Township; the field was improved somewhat; a roof was put on the grandstand to protect the fans from the cold winds; two new horns were added to the loudspeaker system; a postal telegraph electric clock was installed on the hot dog stand; and other minor improvements.

These softball stories each week have been prepared by Eugene Pashote, correspondent from the Newark section and it has been through the coperation of the publisher of this paper that these stories have been printed in each issue for the sports readers of Washington Township.

Results of final playoff games last week follow:

On Monday evening one of the largest crowds ever to witness a softball game was present to see Westvaco defeat Native Sons for the first time in 1941. Westvaco scored their first two runs in the fifth inning on two hits, and an error made by Native Sons, and scored two more runs in the seventh inning to defeat the Sons 4 to 0. "Lefty" Miller was in top form allowing the Natives but two hits. This was their second defeat of the season, the first being administered by Knights of Columbus with a score of 3 to 4.

— Turn The Tables

Native Sons turned the tables on Westvaco Wednesday evening and shut them out 3 to 0. Tony Ornellas allowed three hits again. but kept them well scattered. "Lefty" Miller, losing pitcher also pitched a great game but his teammates failed to give him support in the clutch. Rufus Lebon for Native Sons hit a triple, the best hit of the night. Native Sons put the game on ice in the fourth inning when Joe Dutra singled, Manuel Azevedo doubled and Dutra scored on an infield play. Native Sons scored two more runs in the sixth inning on a walk, a basehit, and a two base error.

Native Sons on Friday evening shutout Westvaco again 4 to 0 for the second straight victory to win the championship. Westvaco filled the bases in the third inning with one out, but still failed to score a run as both batsmen were unable to obtain a hit. Native Sons scored their first two runs in the fifth when Joe Dutra got life on an error, Tony Ornellas singled, and Rufus Lebon came through with a single to score the runs. Rufus batted in another run in the sixth inning with a double, after his brother Ed had singled.

ALVIN JOSEPH MOTOR SERVICE
Southern Alameda County's Finest Automobile Service
* * * *
Located on the Corner of B and Watkins St., Hayward with enlarged quarters and departments for streamlined service for motor tune up and service, ignition and carburetor and fuel pump service, generator and battery, wheel aligning, brakes relined and adjusted, radiator and body service. Tires and batteries. Authorized Dealers in Gilmore gas and oil and Gilmore check-chart lubrication service. Authorized dealers in DeSoto and Plymouth two great cars, sales and service.

No matter what the make or reputation of your car maybe, the years of service obtainable by the owner depends entirely upon the care it receives. The careful owner will not even wait until his car suffers a breakdown, but will have it given a thorough inspection and tuneup at regular intervals. It is time now to have your car put in shape for the winter season, for safety and comfort. Several thousand dollars have been spent in the enlargement and new equipment of Alvin Joseph Motor Service, and one can readily see the efficiency that is derived from this new enterprise.

This is certainly a metropolitan and attractive service and they have kept many an auto on the road that might have found its way to the graveyard much sooner if it had not been for their expert service.

Mr. Joseph believes that the way to make a business successful is to please the public at all costs — Courteous service, adequate accomodations, high quality work are necessary attributes to such a policy. advt.

EMMANUEL GEORGE

CENTERVILLE — Funeral services for Emmanuel George were conducted from Holy Ghost Catholic Church, Centerville, Wednesday August 27, 1941. He died in San Francisco August 25, after an illness of several months. He was a native of Alviso District between Centerville and Alvarado and resided there during his entire life. He served as the representative of the Counties Assessor's Office in Washington Township for 41 years, retiring in 1937 on account of reaching the age limit.

He was active in the civic affairs of the Township for many years. He held membership in Alameda County Employee's Association and Maple Camp, Woodmen of the World. He was elected a Director of Alameda County Water District when the District was organized in 1914 and had served continuously ever since. He was one of the organizers of the Bank of Centerville in 1905. He was named a member of the Board of the Bank of America, successor to Bank of Centerville.

He is survived by a son Laurence George, a sister Lucinda Dee and two grandchildren.

WINGS FOR AMERICA
by Don Wiley
MEMBER, AVIATION WRITERS ASS'N

New tatics developed by the Royal Air Force in offensive sweeps against objectives in Germany and France — the combining of high-flying American-built heavy bombers and hedge-hopping Bristol Blenheims — have required some extremely spectacular performances on the part of the latter warplanes in recent weeks.

Crews of the big four-engine American ships have had an easy time of it, coming in over their targets at altitudes far above the range of anti-aircraft or enemy interceptors. But the crews of the Blenheim have had far different stories to tell-tales of skimming (and sometimes scraping) the tree tops amid barrages of machine gun fire, of diving in and out of quarry pits to dodge bursts of "flack".

All of which makes a description of the Bristol Blenheim particularly pertinent this at time.

The Blenheim, a two-engine, midwing monoplane, is the stock British light bomber, a ship comparable in dimensions and weight, though considerably slower than, the U. S. Air Corps Douglas A-20A light bomber. As in the case of the British versionof the A-20 — (the DB-7) — the Blenheim has been given a dual role, that of lowflying attack bomber and long-range day and night fighter.

There have been three versions of the Blenheim — the Mark I or "short-nosed" type first flown in 1936, and the later Mark IV and Mark IVF. Most of the Mark I type have been sent to the African and other distant fronts and the newer models are the ones which have been teaming-up with the Flying Fortresses from the United States.

Powered by two 920-horsepower Bristol Mercury air-cooled engines, the Blenheims have a top speed of around 300 miles per hour, a range of 1900 miles at 200 milesper hour, and empty weight of 9250 pounds and a gross weight of 14,400 pounds.

A crew of three — pilot, gunner and bomber — is carried. Armament varies with the mission. In every case there is a gun turret atop the fuselage. The bomber also has a single gun in the port wing, while the fighter version has four additional guns in a trough under the fuselage.

To protect the otherwise vulnerable belly of the ship, some of the Blenheims also have a unique "turret" arrangement under the nose, equipped with fixed guns facing backward which are fired by the pilot by remote control.

MASONIC HOME NEWS

By J. H. HEATH

During her address of welcome, Saturday, August 16, at the opening of the reception to Worthy Grand Matron Gertrude Conant and members of her official family, incidental to the annual visitation of the East Bay Past Matrons Association, O. E. S., to the Masonic Home, Willa Jane Hellwig of Alvarado, Worthy Grand Matron, 1930-1931, made gracious reference to the kindly act of Senior Past Grand Patron Lyman C. Byce, 1902-1903, Petaluma, in donating the Decoto Home a collection of beautiful oil paintings in memory of Lily, his wife, deceased, produced by her in the years following their marriage at Petaluma in 1886.

Several units of the collection, Mrs. Hellwig stated, had just been placed on display in the main parlor of the Home by Matron Lord, who invited inspection.

At the left of the speakers platform during the reception there was shown the following typewritten statement regarding the Eastern Star activities of Mr. and Mrs. Byce, accompanied by their portraits.

Many of the older members of the Order of the Eastern Star in California will be interested to know that having passed his 89th birthday last June, Lyman C. Byce of Petaluma, Senior Past Grand Patron will not be able to carry out his plans for being at this gathering of the East Bay Past Patrons Association due to a very serious fall down a flight of stairs to the sidewalk, injuring his head.

He did the next best thing in showing his unfailing interest in the Order, which was to ask his sister-in-law, Mrs. G. Rose Torr, a guest in the Home for the past 8 years, to convey his regrets.

Incidently Mrs. Torr, while residing in Los Angeles, was the organizer and mother Matron of Florence Chapter, No. 477, in 1927. She still retains a lively interest in all that appertains to the Eastern Star throughout California.

Lyman C. Byce three years ago showed his concern for the welfare of the Decoto Home by donating to it some of Mrs. Byce's oil paintings. The collection was heartily acepted by the late Supt. Frank B. Hartman. After their arrival, however, Brother Hartman was taken ill and was a patient in the Merritt Hospital, Oakland.

The pictures were duly labeled by Mrs. Torr and placed in storage in the basement of the East Wing section, where they remained until Mrs. Lord became Matron. Mrs. Lord lost no time in getting them on display in the parlor of the Administration Building, where they are being greatly admired.

Two of the larger and most beautiful landscapes are of Mt. Rainer, Washington, and the "Three Brothers," Yosemite California.

Mrs. Byce , (Lily Caroline Gray) who was called by death in 1934, was of English birth. She located with her family in Petaluma in 1884, where she first met Mr. Byce when both were members of the Methodist church. She became the bride of Mr. Byce in 1886. Seeing the opportunity for their production he developed what was then the largest flock of White Leghorns in California. Later he produced his first incubator and subsequently became the foster father of millions of orphaned chicks. Petaluma is now known as "The World's Egg Basket."

Funds which had not been forthcoming before her marriage were then available for her neglected education along the lines of decorative painting and in China ware, subjects she easily found in various Pacific Coast States.

Like Mr. Byce, Mrs. Byce was active in Eastern Star matters. She became Worthy Matron of Morning Star Chapter, No. 61, Petaluma in 1903. In 1904 she was Deputy Grand Matron and was appointed Grand Esther. In 1907 she was appointed Grand Marshall, and in 1908 was elected Grand Associate Conductress.

Mrs.Byce had the honor of being the first Mother Advisor of the Petaluma Assembly, Order of Rainbow Girls, and served in that capacity till her death, seven years later.

During Mr. Byce's term as Grand Patron, to which he was elevated in 1902, Mabel Boyd Seymour served with him as Worthy Grand Matron.

After Mrs. Byce's passing Brd. Byce gave two of her choicest paintings to the Eastern Star home in Los Angeles. Mr. Byce is comfortably located in the home of his son, Elwood, in Petaluma. Mr. Byce was made a Mason in Petaluma lodge in 1883. He was honored by being elected worshipful Master in 1888. He is a Senior Past Master of Petaluma Masonic Lodge No. 180, Senior Past High Priest of Petaluma Royal Arch Masons, Chapter No. 22; Senior Past Commander of Mt. Olivet Commandary No. 20 Knights Templar. He served as head of the Commandary four terms. Mr. Byce is the eleventh member of Petaluma Lodge to receive a 50-year button. On June 12, 1934, Mabel Boyd Seymour pinned on the badge and jewel for 50 years of service in Petaluma Chapter in her usual happy strain, in which chapter she was a favorite.

DRAFT BOARDS TO HAVE MEMBER FOR REEMPLOYMENT

SACRAMENTO — Jobs for the discharged draftee!

This was the important item to which State Headquarters of selective service today turned its attention following orders by Brig. General Joseph O. Donovan, California state director, for the appointment of a re-employment committeeman to be attached to each local selective service board.

With the Army planning to release certain men from active duty beginning September 1, Gen. Donovan today released a communication from National Selective Service Headquarters requesting him to conclude all necessary arrangements for California local boards to aid in the program for re-employment of returning soldiers.

STATE FINANCES SHOW HEALTHIER CONDITION NOW

Complexion of state finances is changing from red to black State Controller Harry B. Riley said today.

By spending less than it makes the State gradually is climbing out of the hole Riley said. In July revenues were $1,641,905 greater than those in July last year. Expenses were $1,904,008 lower.

Controller Riley said the state has cut its general fund cash deficiency down to $57,279,989, a reduction of $23,343,665 under that of a year ago.

Increased sales tax returns and smaller expeditures for unemployment relief are mainly responsible for the improved conditions, Riley said.

PONY EXPRESS DAYS

SAN MATEO PLANS LOVELY FLORAL DISPLAYS AT FAIR

SAN MATEO — San Mateo County will literally burst into a massive bloom of beauty and festivity when its eleventh annual Fiesta opens the evening of September 18th, to continue through September 21st. For not only the displays more numerous this year than at anytime in the Fiesta's renowned history, but also they will be larger in scope and area.

The three gardeners' associations have combined their efforts and interests this year to display a gigantic panorama of floral beauty and ingenuity which will comprise some 1300 square feet, with color combinations and design created to effect a patriotic theme of red, white and blue.

Another exciting attraction for which details are available will be the "Floral Stairway to the Stars" ascending to an almost magical sky. The tread of the steps will be solid with purple asters, trimmed by golden colored ferns and foliage, while numerous fingers of spotlights will cast a multi-colored hue upon the fifty to sixty thousand blooms of chrysanthemums, asters and other flowers.

At the top of the Stairway, where it winds to an awe-inspiring climax, will be the life-size figure of a beautiful woman, robed in a raiment of gold and purple, holding a large bouquet of rare orchids.

Hollywood participation in the fiesta demonstrates how significant this event has become throughout the country. Already having announced that the Academy of Motion Picture Arts and Sciences is sending a special display of the 100 outstanding still pictures of the past year, Fiesta officials today revealed that George Pal Productions of Paramount Pictures has elected to place on exhibition —for the first time anywhere— both still pictures and physical properties from their unusual "Puppetoons", a unique scheme of carton films which are now playing in theatres everywhere.

George Pal, the creator ,was brought to Hollywood from Holland just in time to escape the Nazi onslaught, and Paramount Pictures immediately signed to produce an entire series of these startling original films for the American public.

FOR THE BETTERMENT OF NILES

The following exordium came to my desk recently. It is drawn up by a local citizen who has an eye to a future for Niles. Accept it in the spirit in which it is written. Perhaps it will stimulate thought which will lead to action in rectifying some of our town's shortcomings. — Ye ed.

* * * *

IF I had the power I would . . . .

Have running water in Niles Creek all year round.

Pin a medal on Henry Vervais for keeping the hoboes away.

Have less Coca Cola signs. (12 in one block is too, too many.) What, none in the bank?

Have less bread wagons call. (Only 23 call now.)

Build a playground to keep the kiddies off the back streets.

Have everyone pay their bills, just like the Chinese.

Have less blowing of the fire siren, and of some of the merchants.

Like to have a town picnic with all the merchants closing and attending.

Make everyone park parallel on First St.

Build a playground before some child is killed.

Place electric signals at the intersection of the Canyon Road and the Hayward-San Jose Highway.

Have a taxi cab available at all hours. (It would pay too.)

Like to see Schuckle's Cannery going full blast like in the good old days, before some of the better people in town forced them to move.

Have more steelmills move into town.

Build a Playground.

Make the trucks turning the Post Office corner go slower before we have another unavoidable accident.

Buy a hat for Ed. Enos, Bill Helm and Bill Cavanaugh.

Play only single features at the local Opry House.

Build business places on both sides of First St.

Build a playground.

Like to see Walton wearing overalls.

Build an airport. It's the coming thing.

Buy Dr. Grau another pipe.

If I had the power I would

Replace the burned hedge on First St. with a new one.

Build a playground.

Have First St. concreted from curb to curb.

Abolish the names Front and Main for First St. (Even if the Telephone Company didn't like it.)

Make Fred Nelson drive his truck 50 miles an hour. (Oh what fun)

Have the flag raised and lowered on holidays by the Boy Scouts with proper ceremonies.

Build a playground.

Have Mrs. R. Vieux walk slow.

Like to see all the vacant stores occupied. (Count them if you think that there is not very many.)

Like to see Tony Petche angry..

Like to see Bob Blacow sweeping out the bank.

Build a playground.

Have the merchants clean the gutters in front and on the sides of their stores every morning. (It would be good exercise too.)

Have Tony Alves go to work some morning without looking at the fire engine.

Give the firemen more thanks for a thankless job.

Build a playground.

Enlarge the subways at both entrances to Niles.

BLUFFING PERIOD MAY BE PAST.

THIS COUNTRY signed a treaty with Japan in 1854 that proclaimed: "There shall be perfect, permanent and universal peace between the two countries."

A lot of water has run under the bridge since then. And a succession of polite insults from the Far East has been turned by a series of bluffs from the Far West.

It was no bluff when Japan moved in further on the continent. Nor when the President froze Japanese credits here. With that action, Los Angeles prepared to lose her best customer, for Japanese trade is worth approximately 45 million dollars annually to business firms of the city. San Francisco squared off to meet the shock of comparable losses. Oil companies, possibly hardest hit, began looking around for possible customers for their average two-million-barrels-per-month shipments to Japan. The largest Japanese colony outside the Orient waited in shocked silence, in Los Angeles. Many doors were closed. Shipping companies, banks, importers and exporters faced collapse and ruin. This magnitude of expected losses was staggering and the tenseness showed in a thousand places.

Then, from leaders whose observations are worth recording, came two statements that tell their own story and preach their own sermons. Said Gongora Nakamura, respected president of the Central Japanese Association of 21 Japanese civic organizations in Southern California: "We Japanese older people have faith in America and confidence that it stands for liberty and justice for all. We are rearing our children to be good Americans and we give full support and co-operation to America at this time."

Said the head of a big oil concern, speaking as an American businessman: "This means a complete stoppage of a big percentage of our cash business. We'll just have to back up our stock and conform. After all, America's welfare is more important than any individual losses, no matter how great."

Our "perfect peace" with Japan may be seriously threatened. Our 87-year bluffing period may be past. But the important thing to know is that whatever comes, there's unity and help and a willingness to sacrifice where it's needed most—among the folks here at home. Oxnard (Calif.) Press Courier

STATE BAR ENDEAVORS TO ACCELERTE COURT PROCEDURE

By The State Bar of California

Every one is fully aware, and instinctively proud of the American judicial system. It protects him at every step. In court he may face his accuser. Hearsay evidence may not be introduced against him. He has a jury of laymen to judge of his guilt or innocence. If he feels he did not get a square deal in a lower court, he may appeal his case. Such justice has vanished from the continent of Europe.

But Americans are fully aware, too, that such protection costs heavily in money and time. Lawyers, themselves, knowing of the law's delays often suggest settlements out of court rather than involve their clients in costly and time consuming suits.

Is America being driven to make a forced choice between its older, and surer court procedure, and newer devices, which, in saving time and money may sacrifice some of the safeguards of American justice?

The question has not been answered finally. But The State Bar of California, representing all of the lawyers in the common-wealth, has taken steps to preserve the older values of American justice while accelerating it to a more modern tempo.

In its short history of only fourteen years, The State Bar has proposed many measures to hack away the accumulation of obsolete rules of procedure in California courts and tune them up to the requirements of a streamlined age.

IN APPRECIATION

The owner of this newspaper is very appreciative of the volume of commercial printing brought in to his shop by individuals and organizations of Washington Township.

In fact something happened during the month just passed which never occurred before in the writer's 13 years as an independent country editor and print shop manager: the volume of printing done by us exceeded the gross revenue derived from paid advertising during the five issues of the newspaper published during August.

This is remarkable, and is a source of deep gratification to your humble scribe. I have endeavored to deliver satisfactory printing with quick service at popular prices. That my customers come back again and again is proof that the objective has been reached.

And the loyal subscribers who "say it with a check" once a year bring a very comfortable feeling around the heart. The Township Register, now 53 years old, is the only newspaper in the Township which has two full-time printer-operators and 6 paid correspondents.

It is the only newspaper which uses no "ready-print," but publishes eight pages of fresh, home news weekly, and in addition, features a strong editorial page each issue.

Tell your neighbors about us! New subscribers come in voluntarily once or twice a week and pay for a year — which is a very healthy condition for a small country weekly.

Thankee, folks, thankee!—W. W.

The FARMERS CORNER

by RALPH H. TAYLOR
Executive Secretary Agricultural Council of California

More than 1200 new laws, many of them affecting agriculture and farm people, will be written into the California statute books on Sept. 13, the date when most of the new enactments of the 1941 State Legislature will become effective.

The number of measures introduced at this year's session — 4012 bills and 93 proposed constitutional amendments — came very close to the record-breaking figure of two years ago. In only two previous sessions have more than 4,000 bills been introduced.

Of the huge total introduced, 1422 bills and 14 proposed constitutional amendments (the latter must be ratified by the people) were approved by the two legislative houses. Governor Olson signed 1264 bills and allowed 12 others to become law without his signature.

Eight bills, including the bitterly-contested anti-"hot cargo" act, were passed by the Legislature over the Governor's veto. The fate of this bill, however, which would prohibit labor from using the vicious secondary boycott weapon in labor disputes, still hangs in the balance. Labor leaders, in an attempt to force the bill to a vote of the people and delay its enforcement, have circulated referendum petitions against it, but until county clerks have checked the names it will not be known whether sufficient valid signatures were obtained to qualify the referendum.

Enactment of the anti-"hot cargo" bill by two-thirds majority of both houses, thereby over-riding Governor Olson's veto, was, without doubt, the outstanding accomplishment of the 1941 session. Also of vital importance was the enactment of the anti-sabotage bill, providing stiff penalties for persons guilty of attempting to sabotage defense industries.

Of major importance to the farming industry, likewise, was the enactment of A. B. 1135, amending the "One Day of Rest in Seven" law to provide that the prohibition against work on the seventh day shall NOT apply "to work performed in the necessary care of animals, crops or agricultural lands".

The original law has been on the statute books since 1893, but never, until the last two years, has there been any difficulty with a reasonable application of the law. The present Director of the State Departmnt of Indusrial Relations, however, has seen fit to so strictly interpret the old law as to make reasonable epplication impossible. A classic example was his ruling that it was unlawful for a person to milk cows seven consecutive days in the week. The same interpretation would have applied to the feeding of animals.

Many inquiries have come to this writers, asking what type of work will be permitted on a seven-day-week basis under the new amendment. The terms of the new amend ment must be fairly strictly construed; that is, where work MUST be done to prevent loss or injury to animals, crops or agricultural lands, the day of rest requirement may be ignored, but only in such instances.

Under the amended law, farm cooks may work a seven-day-week where conditions are such that relief cannot practically be had. As for farm mechanics, if their work on the seventh day is required on machinery which could not be prepared for use by the others who must work that day, then such work is "necessary"; otherwise not. Farm sub-foremen, when needed to see that work is performed by those doing "necessary" work, will be permitted to work seven days.

The relief afforded agriculture from too rigid enforcement of the "One Day of Rest in Seven" law is intended to permit more than six days of work in seven when it is really necessary. Persons whose work is not absolutely necessary must still have one day off in seven. The continuance of this exemption will depend upon employers acting in good faith and not abusing the privilege accorded them. The general intent of the law is to provide one day of rest in seven—and no farm work should be placed on a seven-day-week basis except where definite injury or loss would otherwise result.

Newark Merchants Win Their Third Straight Victory

NEWARK — The Newark Merchants baseball team under the sponsorship of the Newark Sportsmen Club went on a hitting spree Sunday to defeat the Allendale Stars from Hayward by a score of 10 to 0 for their third straight win of the season.

The heavy hitting of the Merchants and the reliable pitching of Stewart, Newark pitcher, were the principal features of the game. The club made fifteen safe hits, six of them going for extra bases. The heaviest stick work was performed by second baseman Ed Lebon who contributed two doubles and a triple, catcher Tony Rivers with two singles and a double, and pitcher Stewart making the longest hit of the season at the Newark school grounds, a screaming double against the left center field fence.

— Consistent Hitting

Tony Duarte, reliable outfielder of the Merchants, continued his consistent hitting getting two hits out of four trips to the plate.

Left fielder Bowers of the Stars collected three of his teams seven hits. He hit the ball hard on each appearance at the plate. E. Rinkert and Rusk acounted for the balance of the hits garnered by the losers.

Pitcher F. Rinkert of the losers struck out fourteen batters, and issued five bases on balls. Stewart for Newark struck out twelve and issued but one base on balls.

The Newark Merchants set to work early in the game scoring one run in the first inning and coming back in the second frame with two more. The Merchants did not dent the plate again until the sixth when they pushed a pair across to swell their total to five runs. They added anoher run in the seventh, and then broke out in the eighth with a furious blast that chased four runners across the pay-off station.

— Plays Fine Game

Bennet at third base for the losers played an excellent game, taking care in fine style of the fielding chances that came his way.

Baseball fans throughout Washnigton Township who are interested in watching the Merchants play ball, should refer to the Bush League Section of the Tribune Sports Page on Saturday evenings, to see what visiting team Newark will play Sunday and where the game will take place.

Henry Nunes is manager of the Newark Merchants and Frank DeSalles is assistant manager. Official scorekeeper is Frank J. Scheid of Newark, and Eugene Pashote is publicity man.

Batteries Sunday for Newark were Stewart and Rivers; for Allendale F. Rinkert and B. Rinkert.

The Merchants Club is now preparing to enter a Winter league at Oakland or in Washington Township if a number of clubs could be formed within the township.

GREAT CIRCUS PLAYS SUNDAY IN OAKLAND

OAKLAND — The Big Show — Ringling Bros. and Barnum & Bailey — will exhibit in Oakland Sunday, September 7 and here's a synopsis of its 1941 features:

Mr. and Mrs. Gargantua the Great, the world's most publicized and fascinating gorilla couple; the new fairyland fantasy, "Old King Cole and Mother Goose," designed and costumed by Norman Bel Geddes, of New York World's Fair Futurama fame, in which 2,000 people and animals take part. Geddes has redesigned the circus from front to back.

"Old King Cole and Mother Goose" cost $80,000, and is the grandest of all Big Show pageants; hence it is spotted on the program to follow Alfred Court's three great mixed groups of performing wild animals, so that late comers won't miss it.

The new Birdland aerial ballet, starring lovely Elly Ardelty, costumed by Max Weldy of Paris and staged by Albertina Rasch, famed Hollywood and Broadway musical show dance director; an invasion of acts from South America, headed by the three flying Diego - Fernandez troupes; the great Truzzi, juggler; Hubert Castle, tight-wire star; the Yacopis, Gauchos and Divisos springboard somersaulting troupes; Adrianna and Charly trampoline stars; Mlle. Louisa, flying trapeze marvel; the three Flying Concello troupes, with Antionette; the famous Riding Cristiani family — in short, 800 world renowned artists. There are 1,600 people, 50 elephants, 1,009 menagerie animals and hundreds of horses.

Conducted by veteran instructors and men who are experts in their fields a representative group of courses on current events will be offered in the fall program of the University of California Extension Division.

World Affairs, New World Powers, Contemporary Europe, Novelists in a World of Crisis, are a few of the classes scheduled in which work and lectures will bear directly on international events as they are reported from day to day. All first meetings are open to the public without charge.

In San Francisco at 540 Powell St. Classes in Government, World Affairs, New World Powers will be given by Dr. Jean Pajus. Formerly foreign editor of a large Eastern newspaper, Pajus will open his course in World Affairs on Sept. 11 at 8 p. m. and repeat the course on September 18 at 10:30 a. m. for those unable to attend at the former time. His New World Powers class will begin Sept. 17 at 10:30 a. m.

In Oakland Pajus will offer courses in World Affairs and Government on Sept. 15. Hunt's course in Contemporary Europe and Chapman's class will open on Sept. 16. Similar classes are scheduled for Alameda and Berkeley. Class schedules are available in any Extension center.

ANNUAL DELEGATE

NEWARK — Frank X. Veit, adjutant of Washington Township Post, American Legion for his 19th. consecutive term is one of the four Legion men from Alameda County appointed to attend the national convention of the American Legion to be held in Milwaukee, Wis. beginning September 15. This is the 11th. national convention he will have attended. Between conventions he works as a court reporter in Judge Loren Gray's department in Oakland.

SIXTEENTH CALL TO BE ISSUED DURING SEPTEMBER

SACRAMENTO — Preparations to meet the requirements of the Army for induction of 3,178 California selective service trainees in September, are in full swing with the 284 local boards throughout the state moving swiftly to supply the men necessary in the national quota and under the 16th induction call.

Brigadier General Joseph Donovan, California state director of selective service, today made this known and at the same time said that local boards are now issuing questionnaires and classifying registrants so as to have in readiness the required number of men available for immediate service as well as those men whose services might be needed in the 17th induction period, in October.

Relative to the October calls, scheduled for two periods, General Donovan said that although warning instructions were today issued to local board chairmen that actual manpower requirements are not known pending advice from national headquarters Washington.

Mr. and Mrs. Joe Dias and Mr. and Mrs. Jake Springer and son LeRoy spent Monday, Labor Day at San Francisco and Half Moon Bay.

DEFENSE BOND QUIZ

Q. I would like to provide a regular income for myself when I retire. Can this be done by buying Defense Savings Bonds?

A. Yes. If you purchase a Bond for $37.50 each month, each Bond will mature in exactly 10 years. Thus at the end of 10 years you will have $50 payable each month as each of your Bonds reaches maturity.

Q. But I will need more than $50 a month.

A. Then you should invest a larger amount each month. Every $75 you put into Defense Bonds will pay you $100 ten years from now. Maenwhile, your money serves your government during this period of national emergency.

Note — To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C.

Would You EAT --

22 pounds of lean beef in a day?

That's a silly question, but if you were to get the daily requirements of calcium necessary to good health, that is exactly what you would have to do if you chose lean beef.

Heres a Tip-

Just One Quart of SANITARY DAIRY MILK contains as much calcium as does 22 pounds of lean beef!
